# ASG STORY

ALBERT SZENT-GYÖRGYI'S LIFE

**Prof. Albert Szent-Györgyi, the visionary Hungarian physiologist, revolutionized our understanding of cellular health and vitality.**

**Szent-Györgyi was awarded the Nobel Prize in Physiology or Medicine in 1937 for his groundbreaking work in isolating vitamin C for the first time. His pioneering work didn't just isolate a nutrient; it uncovered a key to healthy life.**

**Awarded the 1937 Nobel Prize in Physiology or Medicine for the first isolation of Vitamin C.**

Muscle Research: In 1938, he began studying muscle biophysics, discovering that muscles contain actin, which, when combined with myosin and ATP, contracts muscle fibers.

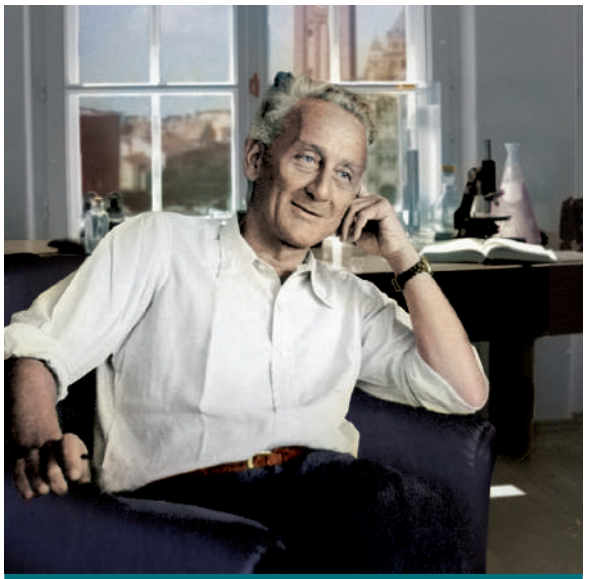
Cameron Prize: In 1946, he received the Cameron Prize for Therapeutics from the University of Edinburgh.

Research in the USA: In 1947, he established a laboratory at the Marine Biological Laboratory in Woods Hole, Massachusetts.

Cancer Research: In the 1950s, he shifted focus to cancer research, applying quantum physics theories to biochemistry. He proposed that free radicals could be a potential cause of cancer.

Albert Lasker Award: In 1954, he was honored with the Albert Lasker Award for Basic Medical Research.

National Academy of Sciences: In 1956, he was elected as a member of the U.S. National Academy of Sciences.



• ASG®

**Goodwill Pharma proudly continues the legacy of Albert Szent-Györgyi.**

We honor his vision by offering Szent-Györgyi-branded vitamin C products, backed by science and committed to excellence.

Today, Albert Szent-Györgyi is the best-selling food supplement brand in Hungary, trusted by consumers for its high-quality, health-supporting products (source: IQVIA).

Produced with the highest quality materials, manufactured under GMP standards and meticulously laboratory-controlled to ensure excellence and safety in every product.

LONGEVITY

# ASG® C+5

FOOD SUPPLEMENT | FILM-COATED TABLETS

**USP AND TARGET:**

- Unique composition of herbal extracts, minerals and vitamins
- 2 Nobel Prize discoveries in 1 product – inspired by Hungarian scientists: discovery of Vitamin C (Albert Szent-Györgyi, 1937) and the role of capsaicin in sensory biology (TRPV1, 2021)
- Supports weight loss, helps maintain healthy capillaries, boosts metabolism, and strengthens immunity simultaneously.
- Flagship product of the ASG line

**INSTRUCTION FOR USE:**
For adults, 1 or 2 film-coated tablets daily

**FORM:**
film-coated tablet

**PACKAGING:**
100 film-coated tablets in a jar, packaged in a box.

**COMPOSITION (DAILY VALUES):**
Vitamin C (2000 mg), Vitamin D3 (25 µg–1000 IU), Zinc (10 mg), Selenium (55 µg), Rutin (50 mg) (from Sophora japonica L. extract), Chili Pepper extract (1.8–4 mg, from which capsaicinoids 900 µg)

## NOBEL PRIZE WINNER'S BRAND
# ASG PORTFOLIO

**ASG 1000 MG RETARD VITAMIN C** (tablets, jar, 100×)
Retard Vitamin C; Gradual release, long-lasting effect.
Market leader in Hungary.

**ASG MULTIVITAMIN** (tablets, day and night blister, 120×)
Day and night formulation;
24-hour personalized multivitamin system.

**ASG 1000 MG VITAMIN C EFFERVESCENT** (eff. tablet, tube, 20×)
Vitamin C effervescent tablet; quick dissolving,
lemon flavor, breakable dosage.

**ASG VITAMIN C DROPS** (glass dropper bottle, 30ml)
Vitamin C drops; child-friendly, immune support,
orange flavor, can be given to 6+months old children.

**ASG VITAMIN C + CAPSCAICIN** (Filmcoated tablets, jar, box of 100×)
Vitamin C 1000 mg, capsaicin; Immunity boost, enhanced metabolism, weight balance.

**ASG CEDEZIN + SELENIUM FORTE** (tablets, blister, box of 60×)
Vitamin C, D, Zinc, Selenium; Comprehensive immune system support.

**ASG VITAMIN C - CHEWING TABLET** (jar, 100×)
CHEWABLE VITAMIN C; Peach, strawberry, orange flavors; fun for kids.

## ASTAX+3 Direct

FOOD SUPPLEMENT
DIRECT FORM IN STICKS

### USP AND TARGET:

- Protect cells from oxidative stress
- Activates lymphocytes and strengthens immunity, enhances antibody production, and has an anti-inflammatory effect
- Regulates blood pressure and blood cholesterol levels
- Increases the moisture and elasticity of the skin and slows down aging
- Improves mental functions and protects neurons from oxidative stress

IMMUNITY

### INSTRUCTION FOR USE:

Dissolve the content of one stick by pouring directly into the mouth. Take once a day. Lemon and blueberry flavour.

### FORM:

Direct form

### PACKAGING:

20 sticks

### COMPOSITION (DAILY VALUES)

Astaxanthin (4 mg), Selenium (55 µg), Zinc (10 mg), Vitamin C (300 mg)

# FORTACELL Immuno

FOOD SUPPLEMENT | POWDER IN SACHETS

**USP AND TARGET:**

- Contains 24 essential nutrients
- Provides a strong immune response
- Powerful nutritional support for acute and chronic infections, immundeficient conditions or after chemotherapy/radiation therapy
- Reduces fatigue, increases mental and physical performance
- Speeds up recovery from herpes simplex infections and prevents recurences of infections

**INSTRUCTION FOR USE:**
Dissolve one sachet of powder in a glass of water. Orange and lemon flavour.

IMMUNITY

**FORM:**
Powder for oral solution

**PACKAGING:**
30, 15, 10 and 5 sachets

**COMPOSITION (DAILY VALUES):**
14 vitamins, 8 minerals, 2 amino acids (500 mg L-Arginine, 500 mg L-Lysine)

**FORTACELL IMMUNO** Click for product **PRESENTATION**

## FORTACELL Immuno Junior

FOOD SUPPLEMENT
POWDER IN SACHETS

IMMUNITY

**USP AND TARGET:**

- Recommended for children from the age of 4 and older who experience weakened immunity due to fatigue, intense physical and mental exertion, acute and chronic infections, and illnesses
- Provides an optimal level of vitamins and minerals
- Supports prevention and faster recovery from illnesses

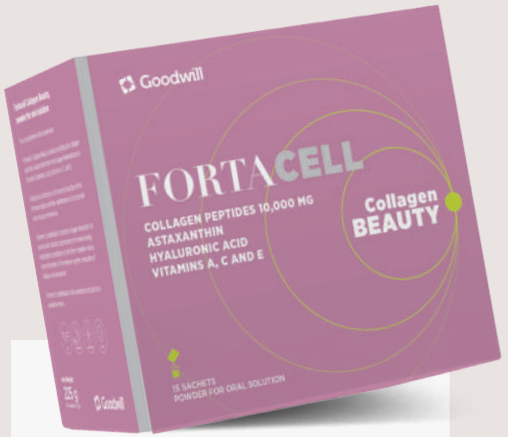
**FORM:**
Powder for oral solution

**PACKAGING:**
30, 15 and 5 sachets

**COMPOSITION (DAILY VALUES)**
14 vitamins, 10 minerals, beta-1,3/1,6-glucan, dry extract of acerola fruit (Malpighia punicifolia), inulin

**INSTRUCTION FOR USE:**
Dissolve one sachet of powder in a glass of water. Orange and lemon flavour.

**FORTACELL Immuno Junior** Click for product **PRESENTATION**



## FORTACELL Collagen Beauty

FOOD SUPPLEMENT
POWDER IN SACHETS

BEAUTY

**USP AND TARGET:**

- Prevents wrinkles
- Improves skin hydration and elasticity
- Protects the skin from harmful UV radiation
- Strengthens nails, hair, cartilage, bones, and joints
- Supports connective tissue and helps reduce joint pain

**FORM:**
Powder for oral solution

**PACKAGING:**
15 and 5 sachets

**COMPOSITION (DAILY VALUES):**
Hydrolyzed collagen peptides (10000 mg), Astaxanthin (2 mg), Hyaluronic acid (100 mg), Vitamin C (80 mg), Vitamin A (800 µg RE), Vitamin E (12 mg TE)

**INSTRUCTION FOR USE:**
Dissolve one sachet of powder in a glass of water. Blueberry flavour.

# FORTACELL Rinopure Hot

FOOD SUPPLEMENT
POWDER IN SACHETS

**USP AND TARGET:**

Effectively alleviates the symptoms of:

- Flu, cold, and respiratory infections
- Sinus inflammation and nasal congestion
- Inflammation of the throat, pharynx, and larynx

**INSTRUCTION FOR USE:**
Dissolve one sachet of powder in a glass of warm water. Mint and lemon flavour.

RESPIRATORY TRACT

**FORM:**
Powder for oral solution

**PACKAGING:**
15 and 5 sachets

**COMPOSITION (DAILY VALUES)**

7 herbal extracts: peppermint leaves, elderflower, mullein flower, verbena, thyme leaves, ginger rhizomes, acerola fruit, vitamin C, zinc.

**FORTACELL Rinopure Hot** Click for product **PRESENTATION**

# FORTACELL Sport

FOOD SUPPLEMENT
POWDER IN SACHETS

**USP AND TARGET:**

- Improves training performance
- Enhances physical capabilities/ performance
- Reduces recovery time for athletes
- Helps reduce fatigue and exhaustion – positively impacts post-training recovery
- Contributes to maintaining normal bone health and proper muscle function
- Supports normal immune system, protects cells from oxidative stress, and maintains normal energy metabolism

SPORT

**INSTRUCTION FOR USE:**
Dissolve one sachet of powder in a glass of water. Lemon flavour.

**FORM:**
Powder for oral solution

**PACKAGING:**
15 and 5 sachets

**COMPOSITION (DAILY VALUES)**

14 vitamins and 10 minerals, BCAA amino acids 2:1:1

(1500 mg), Creatine monohydrate (3000 mg), L-glutamine (1500 mg)

MUSCLE, BONE
& JOINT HEALTH

# CARTINORM + Biocollagen

FOOD SUPPLEMENT
POWDER IN SACHETS

**FORM:**
Powder for oral solution.

**PACKAGING:**
20 sachets in a box.

**COMPOSITION (DAILY VALUES):**
Glucosamine sulphate in crystalline form of crustacean origin (1500 mg), Chondroitin sulphate (800 mg), FORTIGEL® bioactive collagen peptides (5000 mg), Vitamin C (250 mg)

**CLINICAL STUDY:**
The Clinical Study conducted on FORTIGEL bioactive collagen peptides. The beneficial effects of collagen hydrolysate intake were observed. In the series of the three cases reported in our study and is also demonstrated in several studies involving athletes with joint pain, who were otherwise not diagnosed with osteoarthritis or other osteoarticular diseases. (Source: *Gonçalves FK. Impact of collagen hydrolysate in middle-aged athletes with knee and ankle osteochondral lesions: A case series. Int J Case Rep)*

**USP AND TARGET:**

- Relieves osteoarthritic symptoms (pain, morning stiffness, instability, limited joint movement)
- Reduces pain during both physical activity and at rest
- Reduces inflammation
- Slows the progression osteoarthristis
- Stimulates cartilage regeneration
- High dosage of hydrolysed collagen peptides (FORTIGEL®), Glucosamine sulphate, Chondroitin sulphate

**INSTRUCTION FOR USE:**
For adults, 1 sachet (10g) daily. Dissolve the contents of the sachet a glass of water. Orange, lemon and pineapple flavour.

**CARTINORM + Biocollagen** Click for product **PRESENTATION**

MUSCLE, BONE
& JOINT HEALTH

# CARTINORM + D3

FOOD SUPPLEMENT
TABLETS

**FORM:**
Film coated tablets

**PACKAGING:**
60 tablets (in blisters).

**COMPOSITION (DAILY VALUES):**
Glucosamine sulphate (1500 mg), Chondroitin sulphate sodium (800 mg), Calcium (120 mg), Vitamin C (80 mg), Manganese (2 mg), Chromium (40 µg), Vitamin D3 (50 µg = 2000 IU)

**USP AND TARGET:**

- Supports health of joints, bones, and muscle function
- Ideal for those with joint concerns (overweight, athletes, physically active, elderly)
- High dose of glucosamine and chondroitin to support cartilage building, flexibility, and load-bearing capacity
- Vitamin D supports muscle function and strengthens immunity
- Vitamin C protects against oxidative stress and supports the health of bones, muscles, cartilage, and joints
- Calcium strengthens bone tissue

**INSTRUCTION FOR USE:**
For adults, 2 tablets daily.

MUSCLE, BONE
& JOINT HEALTH

# LOXACON

FOOD SUPPLEMENT
CAPSULES

**USP AND TARGET:**

- Helps reduce inflammatory tone
- Helps reduce oxidative stress
- Helps mitigate cell ageing
- Supports joint health
- Unique combination of two herbal extracts (Boswellia serrata and Harpagophytum procumbens)

**INSTRUCTION FOR USE:**
For adults, 1 capsule daily.

**FORM:**
Capsules

**PACKAGING:**
60 capsules (4×15 in blisters), contained in a box.
30 capsules (2×15 in blisters), contained in a box.

**COMPOSITION (DAILY VALUES):**
Boswellia serrata extract of which boswellic acid (120 mg), Harpagophytum procumbens extract, containing harpagoside: (15 mg), Vitamin C (20 mg), Vitamin D3 (50 µg – 2000 IU), Zinc (5 mg), Selenium (27.5 µg), Manganese (2 mg), Copper (1 mg)

**CLINICAL STUDY**
Loxacon® significantly improved WOMAC-VAS functionality in knee osteoarthritis (OA) patients during physical therapy, with MCID values showing a threefold higher chance of improvement when used in combination with therapy. The dietary supplement is most effective when started alongside with physical therapy, making it a valuable adjunctive treatment for knee OA. (Source: *J Med Food. 2024 Dec;27(12):1253-1258. doi: 10.1089/jmf.2024.0133. Epub 2024 Oct 24.)*

PAIN
RELIEF

# PEA 600 NEURO

FOOD SUPPLEMENT
DIRECT FORM IN STICKS

**FORM:**
Direct form

**PACKAGING:**
30 sticks

**COMPOSITION (DAILY VALUES):**

| | |
|---|---|
| Palmitoylethanolamide, micronized (PEA) | 600 mg |
| RiboCARE NEURO nucleotides (UMP, CMP, AMP, GMP) | 150 mg |
| Magnesium | 200 mg |
| Vitamin B6 | 5 mg |
| Vitamin B12 | 5 µg |
| Vitamin B9 (Folic acid) | 400 µg |

**PEA 600 NEURO** Click for product **PRESENTATION**

**USP AND TARGET:**

- Our formulation uniquely combines all four key nucleotides - UMP, CMP, AMP, and GMP - to provide optimal support for nervous system regeneration.

When combined with PEA, this formulation offers:

- **Immediate effect:** Reduces pain and inflammation
- **Delayed effect:** Promotes faster and more efficient neuro regeneration, leading to less chronic irritation and long-term pain reduction

Combination with nucleotides lead to a stronger and longer-lasting effect on pain because it addresses the cause (damage/regeneration), and not only the symptom (inflammatory and painful sensitization).

Nucleotides act as nutritional modulators of aging, representing a highly innovative approach.

Monophosphate nucleotides may contribute significantly to neuroprotection and functional prevention of age-related degeneration.

**INSTRUCTION FOR USE:**
Dissolve the contents of 1 stick directly in the mouth. Lemon and pineapple flavour.

PAIN
RELIEF

# SERRAPEA
# SERRAPEA FORTE

FOOD SUPPLEMENT
CAPSULES

**PACKAGING:**
10 or 20 capsules

**USP AND TARGET:**

- Reduces pain, inflammation, swelling, and fibrosis
- Supports recovery in orthopedic and sports injuries
