ABOUT US

Our company, Goodwill Pharma PLC is originally a family-owned business established in 1997, since 2022 it has been a public limited company, listed on the Budapest Stock Exchange. The company has two headquarters, in Hungary and in Serbia. The business focuses on the development, manufacturing and distribution of pharmaceutical products, primarily in the Central and Eastern European markets. Beyond these activities, Goodwill Pharma PLC can offer regulatory, pharmacovigilance and marketing services, furthermore primary and secondary packaging of pharmaceuticals in EU-GMP environment (in Hungary and in Serbia), analytical services and EU batch release to its partners. Additionally, our plant is registered by the US Food and Drug Administration (FDA) as a registered manufacturing site.

OUR MISSION

Our mission is to develop, produce and distribute premium-quality medicative products available to everyone in order to prolong their lives. Our goal is to achieve an improved quality of life in the face of the deteriorating environmental impacts. Our work is based on the spirit and guidance of Albert Szent-Györgyi, as we are caretakers of the scientific heritage of the Nobel laureate professor. Our task is to continuously expand our beneficial portfolio, taking into account the latest achievements of science, and to distribute these products to patients, doctors and pharmacists as widely as possible.

GOODWILL PHARMA, YOUR DEDICATED CMO-CDMO PARTNER IN CE-EUROPE

AS YOUR TRUSTED CMO-CDMO PARTNER, WE BRING DECADES OF EXPERIENCE AND EXPERTISE TO THE TABLE. FROM FORMULATION DEVELOPMENT AND PROCESS OPTIMIZATION TO SCALE-UP AND COMMERCIAL PRODUCTION, OUR DEDICATED TEAM WORKS CLOSE WITH YOU TO BRING YOUR PRODUCTS TO MARKET EFFICIENTLY AND COST-EFFECTIVELY. WE UNDERSTAND THE IMPORTANCE OF AGILITY AND FLEXIBILITY IN TODAY'S DYNAMIC PHARMACEUTICAL LANDSCAPE, WHICH IS WHY WE TAILOR OUR SERVICES TO MEET YOUR SPECIFIC NEEDS AND TIMELINES.

End-to-end, fully integrated development and manufacturing solutions and services.

With a strong commitment to EU Good Manufacturing Practices (GMP) and HACCP standards, we specialize in producing medicines and food supplements with the highest quality and precision. Our comprehensive offerings cover also primary and secondary packaging, small batch manufacturing, laboratory analyses, even co-development of new ideas if needed. Whether you're launching a new product or seeking to expand your product line, we're here to support you with

comprehensive services that exceed expectations and drive success.

Our state-of-the-art facilities are equipped with the latest technologies and strict quality control measures, guaranteeing that your products meet the highest industry standards.

Partner with us today and experience the difference that our expertise and dedication can make in accelerating your sales!

Filmcoated tablets, jar, 100x

ASG C+5 - NEW FOR THE FUTURE

2 NOBEL PRIZE IN ONE BOX

IMMUNE SUPPORT | CAPILLARY PROTECTION | WEIGHT CONTROL.

INSPIRED BY THE PIONEERING WORK OF ALBERT SZENT-GYÖRGYI, ASG C+5 IS YOUR GATEWAY TO HEALTH AND VITALITY. CRAFTED WITH SCIENTIFICALLY BACKED AND NATURAL INGREDIENTS, ASG C+5 IS DESIGNED TO OPTIMIZE YOUR WELL-BEING.

At the heart of ASG C+5 is Vitamin C, a cornerstone of cellular health. With 1000 mg per tablet, Vitamin C serves as your ultimate shield against oxidative stress, supporting normal collagen formation, blood vessel function, and immune system response. In 1937 Albert Szent-Györgyi was awarded the Nobel Prize for Physiology or Medicine for the isolation of Vitamin C. Say goodbye to fatigue and hello to boundless energy as Vitamin C also aids in normal energy metabolism and reduces tiredness.

Additionally, ASG C+5 harnesses the power of rutin, a natural bioflavonoid. Szent-Györgyi himself was the first scientist to isolate a high purity rutin to study its effects in relation to vitamin C. With 25 mg of rutin per tablet, ASG C+5 delivers

antioxidant protection that combats tissue aging and defends against the onset of chronic diseases, keeping you feeling youthful and vibrant.

We didn't forget about the spice of life – capsaicin. Capsaicin contributes to your dietary support program. With 450 µg of capsaicin per tablet, ASG C+5 targets capsaicin receptors in nerve endings, offering relief from discomfort and promoting overall well-being. The 2021 Nobel Prize in Physiology or Medicine was awarded for the discovery of capsaicin receptors responsible for pain, touch, and temperature.

And let's not overlook the essential trio of Vitamin D, zinc, and selenium which ensures your immune system functions optimally while protecting your cells against oxidative stress.

Each film-coated tablet is designed for convenience, allowing you to seamlessly incorporate it into your daily routine. 1 or 2 tablets a day.

**FEEL YOUNGER
PROLONG YOUR HEALTH
EXTEND YOUR LIFETIME**

ASG 1000 mg Retard Vitamin C (tablets)

Tablets, jar, 100x

Experience the gradual release and long-lasting effect of this innovative retard vitamin C tablet. The product is entirely plant-based, making it suitable for vegetarians. According to IQVIA, the product was leading the market in 2021, 2022, 2023 claiming the title of the most sold dietary supplement in Hungary. Join the ranks of those who prioritise their health and well-being with our best-selling supplement - because when it comes to quality and efficacy, we lead the way.

ASG Vitamin C + Capsaicin

Filmcoated tablets, jar, box of 100x

Unlock the secret to longevity and a balanced weight with the powerful blend of 1000mg vitamin C and Capsaicin sourced from fiery chili peppers. Experience the dual benefits of bolstered immunity and enhanced metabolism, all in one convenient tablet. In addition, enjoy the added comfort of a smooth, film-coated tablet that eliminates any unpleasant sensations in the mouth. Embrace vitality and well-being with every dose – because living your best life starts with the right supplements.

**ASG CeDeZin
+Selenium Forte**

Introducing the all-in-one powerhouse formula designed to fortify your immune system and support overall well-being. Packed with essential nutrients including Vitamin C, Vitamin D, Zinc, and Selenium, this cutting-edge supplement is your daily defense against illness and fatigue.

ASG Vitamin C – drops

Drops, glass dropper bottle, 30ml

Introducing a premium Vitamin C supplement, specially formulated for children. Recommended for infants from 6 months of age, as well as children, the gentle formula provides essential immune support tailored to their growing needs. Irresistible flavour of juicy oranges.

**ASG 1.000 mg Vitamin C
effervescent tablet**

Effervescent Tablet, tube, 20x

Experience the convenience and delectable taste of this lemon-flavored vitamin C effervescent tablet, designed to dissolve quickly in water for effortless consumption. With its breakable feature, you can easily divide the dosage into two parts.

**ASG Vitamin C
- chewing tablet**

Chewing tablet, jar, 100x

Introducing a deliciously fruity dietary supplement designed to supercharge your child's Vitamin C intake! Bursting with the delightful flavors of peach, strawberry, and orange, it's a treat they'll love to take every day.

NOBEL PRIZE WINNER'S BRAND COULD BE YOURS

ASG Multi Vitamin

Tablet, day and night blister, 120x

Introducing an advanced multivitamin system, personalized to meet your unique needs and packed with everything you need for a vibrant lifestyle. Each box contains a two-month supply of specialized day and night tablets, carefully crafted to support you around the clock.

ASG[®] PRODUCTS PROF. ALBERT SZENT-GYÖRGYI

PROF. ALBERT SZENT-GYÖRGYI, THE VISIONARY HUNGARIAN PHYSIOLOGIST, REVOLUTIONIZED OUR UNDERSTANDING OF CELLULAR HEALTH AND VITALITY. SZENT-GYÖRGYI ALBERT WAS AWARDED THE NOBEL PRIZE IN PHYSIOLOGY OR MEDICINE IN 1937 FOR HIS GROUNDBREAKING RESEARCH INTO THE ISOLATION OF VITAMIN C. SZENT-GYÖRGYI'S PIONEERING WORK DIDN'T JUST ISOLATE A NUTRIENT, IT UNCOVERED A KEY TO VIBRANT LIFE.

In his quest, Szent-Györgyi decoded the mysteries of cellular respiration, illuminating the vital function of vitamin C and its catalytic power on fumaric acid. This discovery wasn't just a scientific milestone, it was a beacon of hope for human health.

Beyond vitamin C, Szent-Györgyi made discoveries in the field of the intricate mechanisms of muscle contraction, the biochemistry of cancer, and the enigmatic dance of free radicals within biological systems. Albert Szent-Györgyi's

work isn't just history, it's the foundation of modern physiology and nutrition.

Goodwill Pharma is the pharmaceutical trustee of the brand name Albert Szent-Györgyi. For international markets we're proud to present an exclusive brand called ASG bearing the initials of Albert Szent-Györgyi. With our distinctive capacity, we offer a range of products under this prestigious label, symbolizing excellence in healthcare and well-being. Join us in harnessing the power of ASG.

Nobel prize winner's brand could be yours!

BESTSELLERS

CARTINORM + D3

Filmcoated tablets, blister, 60x

HIGH DOSE JOINT-MUSCLE-BONE COMPLEX WITH VITAMIN D3 DESIGNED ALSO FOR OVERWEIGHT PEOPLE

DESCRIPTION:

Meet Cartinorm+D3: your ultimate joint and bone health solution! Unlock the power of comprehensive joint care with Cartinorm+D3, a specially designed formula that supports your joints and bones for optimal health and vitality. Packed with a potent blend of essential nutrients, each dose of Cartinorm+D3 delivers a synergistic combination of key ingredients to keep you moving and thriving. Unlock the secret to lifelong joint health with Cartinorm+D3 - because when your joints thrive, so do you!

USP & TARGET:

Glucosamine and Chondroitin Sulphate work in synergy to nourish and rebuild cartilage, improving elasticity and durability for smooth joint function. Meanwhile, vitamin D3 aids calcium absorption, which strengthens bones and supports their structural integrity. Vitamin C and manganese play a key role in maintaining

the health of connective tissues, keeping your joints strong and flexible. Cartinorm+D3 is recommended for people with specific joint and bone needs, including those affected by joint disease, increased joint workload or conditions related to bone and muscle health, and is the ultimate choice for anyone who wants to maintain an active and fulfilling lifestyle. Simply take 2 film-coated tablets daily for at least 3 months to experience the full benefits of Cartinorm+D3. Whether you're an athlete pushing your limits, facing the challenges of ageing or simply looking for proactive joint support, Cartinorm+D3 is here to help you move with confidence and ease.

COMPOSITION & INSTRUCTIONS FOR USE:

With a unique combination of vitamin D3, vitamin C, calcium, manganese, chromium, glucosamine sulphate and chondroitin sulphate sodium, Cartinorm+D3 is your ideal solution for promoting joint flexibility, resilience and overall bone strength. will be distracted by the readable content of a page when looking at its layout.

DESCRIPTION:

Cartinorm+BioCollagen - Unleash the potential of your joints! Experience the ultimate joint nourishment with Cartinorm+BioCollagen, a unique blend meticulously designed to support your joints, cartilage, and bones. Formulated with a powerful combination of premium ingredients, Cartinorm+BioCollagen is your key to unlock unrestricted movement and reclaim your active lifestyle.

USP & TARGET:

Cartinorm+BioCollagen offers unrivalled joint support with a unique blend of bioactive collagen peptides designed to nourish your cartilage and support overall joint function. Whether you're an active person pushing your limits or someone seeking relief from joint discomfort, Cartinorm+BioCollagen is your key to unlimited mobility and vitality. Sugar-free formula with natural orange, lemon, and pineapple flavours.

COMPOSITION & INSTRUCTIONS FOR USE:

Vitamin C (250mg): Vitamin C is essential for collagen formation and supports cartilage health and bone structure. Bioactive collagen peptides (5000mg): Derived from natural collagen, these peptides are optimised for absorption and promote joint flexibility and resilience. Glucosamine sulphate (1500mg) and chondroitin sulphate sodium (800mg): These compounds work together to nourish and protect joint cartilage, ensuring smooth movement. Simply dissolve one sachet of Cartinorm+BioCollagen in half a glass of water a day to get the full benefits. For best results, continue to use for at least 3 months. Plus, its soluble form makes it ideal for those with swallowing difficulties, ensuring that everyone can enjoy the benefits of joint vitality. For best results, dissolve the contents of one sachet in a glass of water and consume daily.

Vitamins: A (retinol), B12 (cyanocobalamin), B1 (thiamin), B2 (riboflavin), B3 (niacin), B5 (pantothenic acid), B6 (pyridoxine), B7 (biotin), B9 (folic acid), C (ascorbic acid), D3 (cholecalciferol), E (tocopherol), K1 (phylloquinone).

Minerals: Beta-carotene, Zinc, Iodine, Chromium, Manganese, Molybdenum, Copper, Selenium, Iron
Amino Acids: L-Arginine, L-Lysine

For best results, dissolve the contents of one sachet in a glass of water and consume daily. Incorporate Fortacell into your daily routine to support your nutritional needs and improve your overall wellbeing.

DESCRIPTION:

Your Gateway to Cognitive Enhancement! Unleash the power of your mind with Intelux, the cutting-edge supplement that is revolutionising cognitive support. Say goodbye to memory lapses and hello to sharper focus, faster learning, and a brighter mental state!

USP & TARGET:

What can Intelux do for you? - Preserve cognitive function: Keep your mind sharp and agile as you age gracefully. Protect against oxidative stress: Protect your cells from the damaging effects of free radicals. Boost Mental Performance: Experience faster learning, improved memory retention and increased concentration. Improve psychological wellbeing: Improve mood, increase motivation, and adopt a more positive outlook on life. Whether you're facing the challenges of normal neurocognitive ageing, coping with a demanding workload or simply want to optimise your mental abilities, Intelux is your ally in the quest for peak cognitive performance. From individuals with

mild cognitive impairment to those seeking to mitigate the effects of dementia, Intelux offers support across a spectrum of cognitive needs.

COMPOSITION & INSTRUCTIONS FOR USE:

Advanced formulation: Based on the latest scientific breakthroughs, Intelux goes beyond traditional supplements with a potent blend of bioactive ingredients, botanical extracts, essential minerals, and vitamins.

Bioactive Ingredients: Harness the power of nature with bioactive molecules such as quercetin and kaempferol, along with renowned plant extracts such as ginkgo biloba and wasabi, carefully selected to support nerve cell function and protection.

Cellular support: Intelux isn't just about boosting brain power; it's about nourishing your brain cells. With ingredients such as selenium and zinc, it strengthens biological membranes, enhances antioxidant effects, and promotes neurotransmitter synthesis for optimal cognitive function. Take 2 capsules a day for improved memory, faster learning, more focused attention, a generally better mental state, and increased motivation.

DERMAWILL

Capsule, blister, 20x/60x

DESCRIPTION:

The most powerful complex to boost skin and eye health and to increase resistance to the sun. Dermawill fortifies your skin's resistance to harsh sunlight. Packed with powerful antioxidants, it boosts your skin's natural UV defences from within, slowing the signs of UV-induced ageing. Niacin and zinc work together to maintain optimal skin health, while vitamin E, zinc, and copper form a powerful shield against UV-induced oxidative stress. Copper aids healthy skin pigmentation.

USP & TARGET:

The unique formulation of Dermawill provides advanced photoprotection, increasing skin resistance and preventing premature ageing caused by UV radiation. Tailored pigmentation support and a focus on sun sensitive individuals make Dermawill the ultimate solution for

effective sun care and radiant skin. Dermawill is the solution for sun-sensitive people, outdoor enthusiasts and anyone concerned about UV damage, offering advanced photoprotection and tailored skincare for a radiant complexion. With its scientifically formulated blend and focus on maintaining skin integrity and pigmentation, Dermawill provides unrivalled protection against harmful UV rays and premature ageing in just two capsules a day.

COMPOSITION & INSTRUCTIONS FOR USE:

The combined action of niacin, Polypodium leucotomos extract, coenzyme Q10, vitamin E, zinc, lutein, zeaxanthin, copper, and folic acid. This carefully formulated blend provides robust photoprotection against UV rays, reduces UV-induced skin ageing, maintains skin integrity, and optimises pigmentation processes, resulting in a luminous complexion. Simply take 2 Dermawill capsules in the morning with plenty of fluids.

DESCRIPTION:

Boost mental clarity, memory, and circulation for enhanced senses! Rheotin+N is a premium cognitive support supplement scientifically formulated to improve memory, the ear's function, mental clarity and vitality. With a blend of Ginkgo biloba, Rhodiola rosea, essential vitamins and minerals, it promotes optimal brain function, peripheral circulation and sensory perception, empowering individuals to thrive in their daily lives.

USP & TARGET:

Experience Rheotin+N, a cutting-edge formula designed to elevate cognitive function, enhance memory, boost peripheral circulation, and sharpen sensory perception. With a potent blend of Ginkgo biloba, Rhodiola rosea, essential vitamins, and minerals, Rheotin+N is tailored to support mental clarity, memory retention, and overall vitality. Ideal for individuals seeking to optimize their cognitive performance and sensory experience, Rheotin+N is your go-to supplement for unlocking peak mental and physical well-being.

COMPOSITION & INSTRUCTIONS FOR USE:

Rheotin+N harnesses the power of scientifically proven ingredients to optimise cognitive function and vitality. Its unique formulation includes Ginkgo biloba extract, known for its neuroprotective properties that support memory retention and cognitive performance by improving cerebral blood flow and neuroplasticity. Rhodiola rosea extract complements this by modulating the stress response, stimulating perception and promoting mental acuity. Rheotin+N also contains a blend of essential vitamins and minerals. Vitamins B1, B6, B12 and folate contribute to neurotransmitter synthesis, red blood cell formation and proper nerve function, while vitamin C supports collagen synthesis to maintain blood vessel integrity. Magnesium plays a crucial role in neurotransmission and neuromuscular function, further enhancing the formula's cognitive support. To experience the full benefits, Rheotin+N is recommended to be taken once a day with a meal under the supervision of a healthcare professional. By incorporating Rheotin+N into your daily routine, you can unlock your cognitive potential and improve your overall wellbeing.

DESCRIPTION:

Optimize Your Gut Health with Buticolix and Buticolix Forte. Introducing Buticolix and Buticolix Forte, your allies in supporting digestive wellness and promoting a balanced gut microbiome. With a powerful combination of sodium butyrate, Vitamin D3, and inulin, these formulations are designed to provide targeted support for individuals experiencing gastrointestinal discomfort and related conditions.

USP & TARGET:

Buticolix and Buticolix Forte stand out as cutting-edge solutions for optimizing gut health and alleviating symptoms associated with conditions such as IBS, diverticulosis, and inflammatory bowel diseases like ulcerative colitis and Crohn's disease. Utilizing modern microgranulation technology, these formulations ensure the controlled release of sodium butyrate along the gastrointestinal tract, promoting its beneficial effects on gut function

and microbiome balance. With the added benefits of Vitamin D3 and inulin, Buticolix and Buticolix Forte offer comprehensive support for individuals seeking relief from digestive discomfort and improved overall well-being.

COMPOSITION & INSTRUCTIONS FOR USE:

Buticolix contains 300 mg of sodium butyrate, 5 µg of Vitamin D3, and 100 mg of inulin per capsule, while Buticolix Forte offers a higher potency with 1000 mg of sodium butyrate, 10 µg of Vitamin D3, and 500 mg of inulin per sachet. Adults and children over 7 years old can take 1 to 2 capsules of Buticolix daily with a meal for at least three months, or as recommended by a healthcare professional. For those seeking stronger support, Buticolix Forte provides a convenient once-daily solution with its sachet format, recommended for at least one month or until satisfactory effects are achieved. Experience the power of Buticolix and Buticolix Forte in promoting digestive wellness and restoring balance to your gut microbiome – because when your gut is happy, you're happier too!

DESCRIPTION:

Unlock Vitality with Delicious Caramel Flavored D3 Vitamin Chewing Tablets. Experience the enriching benefits of Vitamin D in our D3 Vitamin 1000NE/4000NE formulations, now available in a delectable caramel flavor. Crafted to promote bone health, muscle function, and immune support, our chewable tablets offer a tasty and convenient way to fortify your well-being. Whether you're a child or an adult, embrace the delicious goodness of our caramel-flavored tablets and unlock the power of Vitamin D.

USP & TARGET:

Stand out with our D3 Vitamin 1000NE/4000NE formulations, uniquely

designed to cater to the diverse needs of individuals across all age groups. From children to adults, our chewable tablets provide targeted support for bone growth, immune function, and overall vitality. With their irresistible caramel flavor, our tablets offer a delightful way to nurture your health from within.

EYEJUICE CAPSULE

Capsule, jar, 60x

DESCRIPTION:

Your Solution for Dry Eyes. Introducing EyeJuice Capsule, your go-to dietary supplement for combatting dry eyes and maintaining optimal eye health. Crafted with a blend of powerful ingredients, including maqui berry extract, vitamins, minerals, and quercetin, our capsules are designed to nourish and rejuvenate your eyes from within, providing relief from dryness and discomfort.

USP & TARGET:

EyeJuice Capsule stands out as the ultimate solution for individuals seeking relief from dry eyes and related discomfort. Our unique formula contains maqui berry extract, renowned for its high antioxidant and anthocyanin content,

which naturally supports eye health and restores the normal production of tears. Perfect for those experiencing dry eyes due to screen time, environmental factors, or aging, EyeJuice Capsule offers comprehensive eye care and rejuvenation.

COMPOSITION & INSTRUCTIONS FOR USE:

Each capsule of EyeJuice contains a carefully selected blend of ingredients to support eye health. Take 1 capsule daily to experience the benefits of maqui berry, vitamin A, vitamin C, vitamin B12, zinc, selenium, vitamin D, and quercetin. These ingredients work together to nourish your eyes, maintain normal vision, and relieve discomfort associated with dry eyes. Incorporate EyeJuice Capsule into your daily routine for refreshed, revitalized eyes that shine with vitality.

REVITALIZE DRY EYES WITH TEAR-BOOST FOR RELIEF AND LASTING COMFORT

DESCRIPTION:

Experience Fast Relief from Heartburn. Discover quick and effective relief from the discomfort of heartburn with our innovative solution. Our effervescent tablets are specially formulated to provide rapid relief from symptoms associated with excessive gastric acid, offering you the comfort you deserve. Plus, with their delightful flavors (lemon, peppermint), taking care of heartburn has never been more enjoyable.

USP & TARGET:

Our product stands out as the ultimate solution for individuals seeking fast relief from heartburn. With an impressive 1940 mg of sodium

bicarbonate (baking soda) in each effervescent tablet, it offers unparalleled efficacy in neutralizing gastric acid and alleviating symptoms such as pain and discomfort. Ideal for individuals experiencing heartburn or related symptoms, our effervescent tablets provide targeted relief when you need it most.

COMPOSITION & INSTRUCTIONS FOR USE:

Each effervescent tablet contains a powerful dose of sodium bicarbonate, carefully crafted to neutralize gastric acid and relieve heartburn symptoms effectively. Simply take 1 to 2 tablets a day, 1 to 2 hours after a meal or whenever needed. Dissolve the tablet in 100ml of water for a refreshing and delicious solution to your heartburn woes. Say goodbye to discomfort and hello to relief with our effervescent tablets.
